

Where one can dispose various types of waste

české stránky-Kam odložit různé druhy odpadu

Physical entities, persons are obliged, pursuant to law, to dispose municipal waste at dedicated points and separately collect, sort, and hand over the waste for its reuse and final disposal according to the system as established by the given municipality (pursuant to Section 17 (4) of the Act No 185/2001 Code.)

Collecting containers for mixed waste

Never put [hazardous waste](#) into mixed waste, also reusable components of waste (as [paper](#), [glass](#), and [plastics](#), for instance) should never be put in it.

- never put aside the collecting containers any further waste (for instance, the waste, which could not be accommodated into the container);
- it is the obligation of the premises landlord to provide for collecting containers of capacity large enough (pursuant to Section 6 a) of the Ordinance of the Capital City of Prague No. 24/2001 Code);
- the premises landlord shall be responsible for cleanliness in the vicinity of the permanent locations of these containers (pursuant to Section 6 e) of the Ordinance of the Capital City of Prague No. 24/2001 Code);
- the collection of mixed waste shall be carried out by the competent collecting company (the map of area distribution);
- In case of damage, loss, claims for the collection service, complaints for the collecting vehicle crew, providing of a new collecting container for a new building, required changes to the collection frequency, or the size of containers one can refer to the contacts given here below.

Pharmacies

- one can return expired or unused drugs, medicines, mercury-filled thermometers and used syringes in every Prague's pharmacy.

Authorities of City Districts, elementary and secondary schools

- citizens may return batteries, accumulators, and cells into special red containers located at Authorities of City Districts and in buildings of the Prague City Hall; children may use the red containers placed in every elementary school and in every secondary school of all types (this is return of selected products, which is provided by the City of Prague on the basis of agreements with obliged persons);
- some of elementary schools are also engaged in competitions in the waste paper collecting.

Collecting yards of the City of Prague

- virtually any type of waste, except for mixed waste, can be returned to the collecting yards of the City of Prague;
- all types of waste can be returned free of charge (except for pneumatics);
- waste can be returned at the amount common to a household (demolition waste or rubble at the amount of mere 1 m³ per month);
- waste cannot be delivered by a company vehicle;
- it is always necessary the person identifies themselves by a valid identity card (stating the person has permanent residence in Prague);
- the list of collecting yards of the City of Prague is given here below;
- working hours of all collecting yards of the City of Prague:

Mondays through Fridays	from 8 30 to 18 00 (in winter time from 8 30 to 17 00 o'clock)
Saturdays	from 8 30 to 15 00 o'clock
